GMD
CONSTRUCTION

Sunny when you want it, shady when you don't.

Beat the scorching summer heat with our contemporary pergolas.

Built by professional craftsmen for 10+ years, our structures are designed to last a lifetime with premium building materials and the newest technology.

Our company, GMD Construction Inc, has been reimagining homes and backyards within the Los Angeles area since 2012. We commit to providing the highest quality of service while giving competitive prices for our projects.

Let's help craft your perfect outdoor haven.

Too hot in the summer?

Gone are the days that you would have to manually operate a pergola.

Everything is done at a touch of a button, allowing you to close, open, or place your louvres at an angle.

Closed

Our pergolas are completely water-resistant, equipped with efficient water gutter systems to dispose of any water.

Open

Maximize the amount of light let into your pergola.

Angled

Let light in while blocking the rays of the sun.

Options and Colors

Our pergolas are entirely customizable. Some of our options include:

- Fans
- Heaters
- LED Lights
- RGB Lights
- Sun Shades
- Custom Colors
- Rain Sensors

Options and Colors

Our pergolas come in four colors:

- Black
- White
- Light Gray
- Gray

Warranty

Because we're confident and committed to our product, we offer a warranty.

With each pergola, comes with:

10 year support for the pergola's framework

5 year coverage for electrical components
